NOTICE OF DAIRY MANURE TECHNOLOGY FEASIBILITY ASSESSMENT MEETING

The Dairy Manure Technology Feasibility Assessment Panel (Panel), comprised of representatives from state and local government, federal government, industry, environmentalist, conservationist, and academia, will hold their first public meeting – details listed below. The purpose of the Panel is to review technologies most likely to improve the management and treatment of dairy manure in the San Joaquin Valley. The goal of the Panel is to produce a report that: lists and describes these technologies, assesses the environmental and economic performance of each technology, and makes recommendations about which types of technologies may hold the most promise for improving dairy manure management and treatment in the San Joaquin Valley.

The meeting is open to the public, and details for the first meeting are as follows:

DATE: Tuesday, February 1, 2005

TIME: 9:00 a.m. to 12:00 p.m.

LOCATION: California Air Resources Board
1001 I Street, Conference Room 230
Sacramento, CA 95814

The meeting will also be teleconferenced. If you wish to participate by phone, please use the following dial-in information:

DIAL-IN: 888-549-9134

PASSCODE: 148277

For additional information regarding this meeting, contact Heather Arias at (916) 323-2722, or James Liebman, US EPA, at (415) 947-4241.

*The energy challenge facing California is real. Every Californian needs to take immediate action to reduce energy consumption.
For a list of simple ways you can reduce demand and cut your energy costs, see our Website: <http://www.arb.ca.gov>.*
